Berean MBC could not wait, they were renting and decided to have services in the new building even though it was not finished, this would save what they were paying for rent. They moved in chairs and had a great time.

The work on Emanuel MBC is really progressing; they have been working very hard and are putting the roof on at this time. This building is in a part of the Philippines that needs the truth of God's Word; it will be a beacon of

light.

Abner and Mariette's youngest son, Joshua has surrendered to the Ministry and is attending the Seminary; this past Sunday he was licensed by the church to preach the Gospel of Jesus Christ..

A lot took place in September, because I was unable to travel to the Philippines to meet with the Church requesting to be Project # 16, Abner flew down and met with Christian Missionary Baptist Church. While there he was privileged to preach at their 35th Anniversary. This is an old established church; it was a mission out of County Avenue Baptist Church, Texarkana,

Arkansas. The problem, the building they were worshipping in was built on squatted land; everything was ok until the owner claimed the land and the church had to move. They have been working at getting their own property so they could apply for PMD assistance. Abner reported they have a good piece of property, it is in a good location near transportation..

The projected part PMD will help this church with is \$55,000.00, this is for materials only; the church will be responsible for all other expenses including labor. At the close of this month we have received \$31,773.45 for this project: we only need \$23,226.55 to begin looking at project #17. There is a church trying to get everything together so they will qualify to be the next project.

It is exciting to be working on three projects at the same time. Pray with us that we will be able to visit this next year.

For the month of September we received \$6,194.93 for the project. The rest of the financial statement is on the back.

Again Thank you for your faithful Support, God loves you and so do we.
Wayne Stringer.
